DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1 – 22 and 46 - 48, drawn to a laminate and a kit for a laminate, classified in class 428, subclass 136.
 - II. Claims 23 - 45, drawn to a method for making a laminate, classified in class 156, subclass 60.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions Group II, claims 23 - 45 and Group I, claims 1 – 22 and 46 - 48 are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the product can be made by a materially different process such as autoclaving the layers of the laminate together.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, different modes of operation, different functions, different effects and their divergent subject matter, restriction for examination purposes as indicated is proper.
4. A telephone call was made to Harold C. Knecht III on April 4, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 1772

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
